December 2, 2007

Dear Mr. & Mrs. Allen:

A neighbor was kind enough to let us know of your annual trip to Arlington Cemetery on Veterans' Day to put flags on the graves of our Nation's most distinguished citizens. From the very heart and soul of Post 28, we thank you; we laud you, and God Bless You.

We also understand that you take others with you, including your children and their children, what a beautiful tradition you have started, one that will survive us all and insure your descendants remember you on Veterans' Day. We only wish that more individuals devoted a while of their spare time to emulate you. We cannot highlight enough the importance of our flag, and continue to point out what the red in the flag means to every American in this land today. We are moved and encouraged by your effort and hope that you'll continue honoring our Veterans for many years in the future.

From all of us in The American Legion, a well deserved Thanks and God Bless you.

Sincerely,

**Hary Puente-Duany
Vice Commander
The American Legion
Kennedy Latimer Post 28**
